

In the specification:

On page 1, please change the title as follows:

~~OXIDE-DISPERSED ALLOY PLATINUM MATERIAL~~

OXIDE-DISPERSION STRENGTHENED PLATINUM MATERIAL

On page 1, second paragraph:

An oxide-dispersed platinum material in which metal oxides such as zirconium oxide (zirconia) are finely dispersed in platinum or platinum alloy has superior high-temperature strength characteristics, particularly, creep strength, and accordingly has been used for a structural material in a glass production apparatus which is used in ~~an~~ a high-temperature environment.
